

PHILOSOPHY (PHIL)

PHIL 500. MORAL DEV-BIO ETHICS. (3 Credits)

provides a basic understanding of ethical decision making in the classical tradition of medicine and the Hypocratic Oath and the Judeo-Christian tradition of moral development. Students will learn to understand and critique the culture of contemporary "quandary" ethics. They will also be introduced to a method of ethical inquiry identified as Biblical Narrative Ethics. 3 credits. Admission into any DPT course requires admission into the DPT program and successful completion of the previous semester's course work.

Prerequisite: None

PHIL 502. MEDICAL ETHCS-HLTH CARE. (3 Credits)
