

# SCHOOL OF NURSING (A)

---

The Traditional Undergraduate Nursing program at Concordia University program is committed to helping students develop in mind, body, and spirit. It is a challenging curriculum, but one that we think you will gain from in ways you can't even begin to imagine right now.

Guided by Christian principles, our nursing students receive a broad foundation in the liberal arts, and in the art and science of the nursing profession. You will have opportunities to apply theoretical concepts and skills into nursing practice as you develop clinical competence. You will explore concepts related to interprofessional communication, collaboration, professionalism and leadership, all of which are integrated into our rigorous program of study.
